

Diabetic Foot Care

Clinical Pathway Foot Screening Overview

JUNE 27, 2018

1:30 PM—3:00 PM

REGISTER FOR THIS VIDEOCONFERENCE TODAY!

WWW.FIRSTNATIONSTH.CA

This session will provide an overview of the Diabetes Foot Care Clinical Pathway and review components to include in a comprehensive foot screen from a health professional lens

Learning objectives

1. Gain insight and application of the DFCC Pathway in community settings
2. Review parameters of a comprehensive diabetic foot screen
3. Identify resources to address identified risk factors from foot screening findings

Presented By: Edie Attrell RN BN ET IIWCC CPL DON SCN

Edie is a specialized nurse in skin and wound care and is currently practicing as the Clinical Practice Lead for the Diabetes Obesity Nutrition Strategic Clinical Network. Edie has had the opportunity to work in AHS for the past 40 + years in a variety of settings. She has presented at the CNIA Conference, as well as provincial, national and international venues. She is part of the DON SCN team working collaboratively with many groups, including indigenous communities, to support best practice foot care for those living with Diabetes.
