10:00 — 11:00

We welcome you to join us for the first of a three-part video-conference series on FASD. This session is presented by Brittany Durant from Edmonton Fetal Alcohol Network (EFAN)

FASD 101

Target Audience: This session is open for anyone who might be interested in increasing their knowledge about FASD.

This session will go over common myths and facts around FASD as well as give a basic understanding of what FASD is and how it happens. The importance of talking about and understanding FASD will be covered including topics around alcohol use in pregnancy and who drinks. The presentation will end with a discussion around strategies and guidelines that can be used when working with individuals impacted by FASD.

Learning Outcomes:

1. What FASD is and how it happens
2. What being FASD informed means
3. Guidelines for working with individuals with FASD and how to help them be successful
