

WHAT IN THE WORLD IS RABIES

**SEPTEMBER 28, 2018
10:00 – 11:30**

Session Description

Join us on World Rabies Day to learn about rabies and the risk in Alberta. Prevention and education is key, but it is also important to have a good understanding of what you should do if you may have been exposed or come across an animal acting unusual. We will also look at Rabies around the world as well as why many health organizations have pledged to end human deaths from dog-transmitted rabies by 2030.

Learning Objectives

1. Understanding the Rabies Virus and the Risk in Alberta
2. Reporting Animal Exposures or Symptomatic Animals
3. Prevention and Education

Presented by:

Jackie Lind, RVT

Medical Manager

**Alberta Spay Neuter
Task Force**
