

PROJECT ECHO: USING TELEMEDICINE TO TREAT HEPATITIS C

**DECEMBER 11
1330 – 1500**

The First Nations Telehealth Network will be joined by Dr. Lee to discuss ECHO and Hepatitis C within indigenous communities.

1. Understand the natural history of hepatitis C, especially in Indigenous people.
2. Define new oral therapies for HCV.
3. Understand how Indigenous HCV patients can access new therapies by telemedicine.

Presented By: Dr. Samuel Lee, MD, FRCPC

**DECEMBER 11, 2018
1330-1500**
