

BREAST CANCER SCREENING IN FIRST NATION COMMUNITIES: A SCREEN TEST OVERVIEW

NOVEMBER 26
1330 – 1445

Screen Test provides breast cancer screening in 25 First Nation and Metis communities across Alberta with its mobile clinics. This session will cover the basic of breast health and screening mammography, what that looks like in Alberta, what Screen Test is, how it works, and why breast health is important in First Nations communities.

Learning Outcomes

1. Understand the importance of breast cancer screening for women in First Nation communities
2. Understand who's eligible (and not) for breast cancer screening in Alberta
3. Learn about Screen Test and how to register clients for the service

Presented By: Harmony McRae, Screen Test Health Promotion Facilitator, AHS
