

# **METHAMPHETAMINE AWARENESS**

## **DECEMBER 18, 2018**

### **13:30 - 15:00**

This webinar will explore Methamphetamine (Meth) with effort to identify it, understand how it works and how it can be harmful.

#### **LEARNING OUTCOMES:**

- What is Methamphetamine
- What is its history
- How does it affect the body
- What does an overdose look like
- What harm reduction supplies can be found with meth use (what are they for and how do they work)

**PRESENTED BY:** This webinar will be co-presented by HIV North employees Jessica Hubley, who is their Educator/ Outreach Worker and Marina Tran, who is their Naloxone Outreach Worker. Jessica and Marina are both front line workers in the agency, which gives them the unique opportunity to share their knowledge through lived experience.

**This session is  
presented by HIV  
North**

**This session will be  
recorded for future  
viewing**

**Live stream and  
audio lines will be  
made available**

**To register, visit the  
First Nations  
Telehealth Portal at
