Colorectal Cancer - Supporting Patients from Diagnosis, through Treatment, and Beyond

March 27, 2024

1:30-2:30pm MST

Colorectal cancer is one of the four most common cancers affecting Indigenous and non-Indigenous people in Alberta. Join this session to learn more about colorectal cancer, common treatments and effects, and supports available to help patients. Questions will be welcome.
**Please note this session <u>will not</u> be recorded or uploaded to our website.

Learning Outcomes:

- What is colorectal cancer?
- What are the most common colorectal cancer treatments?
- Common impacts colon cancer and treatments can have on people
- Supports that are available to help, including Indigenous Cancer Patient Navigators

Speakers:

Michael Harding - Mike is a Registered Nurse and Clinical Educator at the Cross Cancer Institute. He graduated from the University of Alberta in 2011, and has enjoyed working at the Cross ever since. Prior to joining the Clinical Education Team in 2022, he care for all types ·of patients in the Outpatient Department, but he primarily worked with thyroid cancer, and genitourinary cancer patients.

Emma Osterling – Emma is a white settler ally from Strathcona County that is located on Treaty Six Territory and the homeland of the Métis Nation of Alberta ,District 11. Emma is a daughter, granddaughter and a sister. Emma is a Registered Nurse and has worked in long term care, primary care, and med-surg and in Indigenous Health since the beginning of her nursing career. To Emma, Health is more than our physical self, that's why Emma is proud to be in a position that supports and advocates for that
