

Long-Term Physiological Impacts of Substance Use

September 22, 2026

10:00-11:30am

Join this session for a discussion on the various long-term affects of substance use, from alcohol, to opioids, to stimulants.

Learning Outcomes:

- Understand the potential long-term physiological consequences of substance use disorders
- Understand how to screen for and mitigate cumulative harms associated with substance use concerns

Speakers:

Dr. Monty Ghosh - Dr. Ghosh is an addiction and internal medicine physician who specializes in supporting vulnerable populations who use substances.

Target Audience: Clinicians and front line health care workers supporting those who use substances
