Cancer Treatments - Learn More about Chemotherapy

December 9, 2026

10:00-11:00am MT

Understanding and starting cancer treatments can be daunting. During cancer treatments it is important to watch for and act on side effects early. Chemotherapy is one of many kinds of cancer treatment. In this session healthcare providers will learn about chemotherapy, when it is commonly used, and what side effects to watch for.

Learning Outcomes:

- Understand and help explain the basics of chemotherapy
- Be aware of common side effects, what to watch for, and what to do
- Know how to connect into Cancer Care Alberta for help

Speakers:

Christine Meikle is an oncology nurse and clinical educator with 36 years of nursing experience, including extensive work in cancer care, clinical education and outpatient operations. She is passionate about education, collaboration and empowering healthcare teams to provide compassionate, respectful, patient-centred care through the cancer journey.

Cancer Care Alberta

Target Audience: Healthcare staff working in Indigenous communities and care centres
